The VIP Village, located directly above the MotoGP garages, represents the most exclusive level of hospitality available at the Red Bull Indianapolis GP. The quality of the food, wine, dessert and drink will be the finest at the Indianapolis Motor Speedway.

The access to restricted areas, where you will mill amongst the teams as they prepare for the event, is the highest level available; and the view from within the glass-enclosed VIP Village Suites or from the rooftop seating is nothing short of spectacular. If providing the ultimate first-class experience for your guests is your objective, relax and welcome to the VIP Village.
